## SUMMARY

Passionate about building scalable web applications and AI solutions. Experienced in software development and automation, currently driving innovation at Seeno AI to enhance business efficiency, streamline processes, and optimize user experiences.

---

## WORK EXPERIENCE

**Founder and Developer , Seeno AI** **Mar 2025 - Present**

- Founded Seeno AI, focusing on developing AI solutions for automation and chatbots.
- Built AI-powered platforms to enhance customer interactions and optimize workflows.

**Software Developer Intern , Prodigy InfoTech** **Dec 2024 - Jan 2025**

- Developed algorithms and systems to automate solutions and enhance user interactions.
- Engineered scalable applications with CRUD functionality to optimize data management.

**Web Developer and Designer Intern, Oasis Infobyte** **Nov 2024 - Dec 2024**

- Developed secure authentication systems and user-friendly web applications.
- Designed interactive websites, optimizing user experience and task management.

**Python Developer Intern , CodSoft** **Nov 2024 - Dec 2024**

- Developed secure applications for task management and data protection.
  - Built interactive systems with features for creating, updating, and tracking user inputs.
- 

## PROJECT

**Teaching Tool , Benedict School** **Nov 2024 - Dec 2024**

- Developed a quiz generator for teachers to create and administer multiple-choice quizzes with real-time feedback.
  - Designed an intuitive interface and backend for seamless quiz creation and result tracking.
- 

## SKILLS

- **Programming Languages:** JavaScript, TypeScript, Python, C++
  - **Technical Skills:** Frontend Development (React, HTML, CSS), Backend Development (Node.js, Express), API Development (REST), Data Structures & Algorithms, Object-Oriented Programming (OOP), Database Management (MongoDB, MySQL), Git, Cloud (AWS), CI/CD.
- 

## CERTIFICATIONS

- **Appreciations:** Oasis Infobyte, Prodigy InfoTech, CodSoft
- **Courses:** Responsive Web Design, JavaScript Algorithms and Data Structures, Elements of AI
